##### 1. In general

The section of the municipal home rule statute enabling municipalities to acquire and establish water, gas and electric systems does not authorize the use of the power of eminent do-

main for the acquisition of privately owned public utilities, but merely authorizes the establishment of utility systems through the process of construction and by the purchase of franchises and properties of going utility concerns. #### PART IV—REVENUE BOND FINANCING

#### § 8-19-4. Estimate of cost; ordinance or order for issuance of revenue bonds; interest on bonds; rates for services; exemption from taxation

Whenever a municipality or county commission shall, under the provisions of this article, determine to acquire, by purchase or otherwise, construct, establish, extend or equip a waterworks system or an electric power system, or to construct any additions, betterments or improvements to any waterworks or electric power system, it shall cause an estimate to be made of the cost thereof,

and may, by ordinance or order, provide for the issuance of revenue bonds under the provisions of this article, which ordinance or order shall set forth a brief description of the contemplated undertaking, the estimated cost thereof, the amount, rate or rates of interest, the time and place of payment, and other details in connection with the issuance of the bonds. Such bonds shall be in such form and shall be negotiated and sold in such manner and upon such terms as the governing body of such municipality or county commission may by ordinance or order specify. All such bonds and the interest thereon shall be exempt from all taxation by this state, or any county, municipality or county commission, political subdivision or agency thereof. Notwithstanding any other provision of this code to the contrary, the real and personal property which a municipality or county has acquired and constructed according to the provisions of this article, and any leasehold interest therein held by other persons, shall be deemed public property and shall be exempt from taxation by the state, or any county, municipality or other levying body, so long as the same is owned by such municipality or county: Provided, That with respect to electric power systems, this exemption for real and personal property shall be applicable only for such real and personal property (1) physically situate within the municipal or county boundaries of the municipality or county which acquired or constructed such electric power system and there was in place prior to the effective date of the amendments to this section made in the year one thousand nine hundred ninety-two an agreement between the municipality and the county commission for payments in lieu of tax, or (2) acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate. Notwithstanding anything contained in this statute to the contrary, this exemption shall be applicable to any leasehold or similar interest held by persons other than a municipality or county only if acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate: Provided, however, That payments made to any county commission, county school board or municipality in lieu of tax pursuant to such an agreement shall be distributed as if the payments resulted from ad valorem property taxation. Such bonds shall bear interest at a rate per annum set by the municipality or county commission, payable at such times, and shall be payable as to principal at such times, not exceeding fifty years from their date, and at such place or places, within or without the state, as shall be prescribed in the ordinance or order providing for their issuance. Unless the governing body of the municipality or county commission shall otherwise determine, such ordinance or order shall also declare that a statutory mortgage lien shall exist upon the property so to be acquired, constructed, established, extended or equipped, fix minimum rates or charges for water or electricity to be collected prior to the payment of all of said bonds and shall pledge the revenues derived from the waterworks or electric power system for the purpose of paying such bonds and interest thereon, which pledge shall definitely fix and determine the amount of revenues which shall be necessary to be set apart and applied to the payment of the

principal of and interest upon the bonds and the proportion of the balance of such revenues, which are to be set aside as a proper and adequate depreciation account, and the remainder shall be set aside for the reasonable and proper maintenance and operation thereof. The rates or charges to be charged for the services from such waterworks or electric power system shall be sufficient at all times to provide for the payment of interest upon all bonds and to create a sinking fund to pay the principal thereof as and when the same become due, and reasonable reserves therefor, and to provide for the repair, maintenance and operation of the waterworks or electric power system, and to provide an adequate depreciation fund, and to make any other payments which shall be required or provided for in the ordinance or order authorizing the issuance of said bonds.

**§ 8-19-8. Lien of bondholders; deeds of trust; security agreements; priority of liens**

Unless the governing body shall otherwise determine in the ordinance or order authorizing the issuance of bonds under this article, there shall be and there is hereby created and granted a statutory mortgage lien upon the waterworks or electric power system so acquired, constructed, established, equipped, extended or improved from the proceeds of bonds hereby authorized to be issued, which shall exist in favor of the holder of said bonds and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such waterworks or electric power system shall remain subject to such statutory mortgage lien until payment in full of the principal of and interest upon said bonds.

Any municipality or county commission in acquiring an existing waterworks system or in improving an existing waterworks or electric power system may provide that financing therefor may be made by issuing revenue bonds and delivering the same at such prices as may be agreed upon within the limitations prescribed in section six of this article. Any revenue bonds so issued to provide financing for such existing waterworks or electric power system or for any improvements to an existing waterworks or electric power system may be secured by a mortgage or deed of trust upon and security interest in the property so acquired or improved or any other interest of the municipality or county commission in property related thereto as determined by the municipality or county commission in the ordinance or order authorizing the issuance of such revenue bonds; and in such event the holders thereof shall have, in addition to any other remedies and rights prescribed by this article, such remedies and rights as may now or hereafter exist in law in the case of mortgages or deeds of trust on real property and security interests in personal property. Such mortgage or deed of trust, upon its recordation, shall have priority over all other liens or encumbrances, however created or arising, on the property covered by such mortgage or deed of trust, to the same extent and for the same amount as if the municipality or county were obligated to pay the full amount secured by such mortgage or deed of trust immediately upon the recordation of such mortgage or deed of trust and remained so obligated until the obligations secured are fully discharged.

(d) The transfer from the general funds of the municipality or county commission to the account or accounts of the waterworks or electric power system of an amount equal to the cost of furnishing the municipality or county commission or any of its departments, boards or agencies or the county commission with the services and facilities of such waterworks or electric power system;

(e) Subject to the provisions of subsection (b), section twelve of this article, limitations or restrictions upon the issuance of additional bonds or other obligations payable from the revenues of such waterworks or electric power system, and the rank or priority, as to lien and source and security for payment from the revenues of such waterworks or electric power system, between bonds payable from such revenues;

(f) The manner and terms upon which all bonds and other obligations issued hereunder may be declared immediately due and payable upon the happening of a default in the payment of the principal of or interest thereon, or in the performance of any covenant or agreement with bondholders, and the manner and terms upon which such defaults may be declared cured and the acceleration of the maturity of such bonds rescinded and repealed;

(g) Budgets for the annual repair, maintenance and operation of such waterworks or electric power system and restrictions and limitations upon expenditures for such purposes, and the manner of adoption, modification, repeal or amendment thereof, including the approval of such budgets by consulting engineers designated by holders of bonds issued hereunder;

Any such ordinance, order or trust indenture may also contain such other additional covenants as shall be considered necessary or desirable for the security of the holders of bonds issued hereunder, notwithstanding that such other covenants are not expressly enumerated above, it being the intention hereof to grant to municipalities or county commissions plenary power and authority to make any and all covenants or agreements necessary in order to secure greater marketability for bonds issued hereunder as fully and to the same extent as such covenants or agreements could be made by a private corporation rendering similar services and facilities and to grant to municipalities and counties full and complete power and authority to enter into any contracts, covenants or agreements with holders of bonds issued hereunder not inconsistent with the constitution of this state.

(a) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of thirty days after the same become due and payable, the property and the owner thereof, as well as the user of the services and facilities provided, shall be delinquent and the owner, user and property shall be held liable at law until such time as all such rates and charges are fully paid.

(b) All rates or charges for water service whenever delinquent, as provided by ordinance of the municipality, shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: Provided, That an owner

of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of such real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(c) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of the delinquent rates and charges. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the municipality had exhausted all other remedies for the collection of debts with respect to such delinquencies prior to the bringing of such action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought.

PART II—LIMITATIONS ON SALE OR LEASE OF CERTAIN MUNICIPAL WATERWORKS

§ 8-19-2. Contracts for purchase of electric power or energy by a municipality; definitions; requirements; payments; rates and charges

(a) For the purposes of this section:

(1) "Contract" means an agreement entered into by a municipality with any other party for the purchase of electric output, capacity or energy from a project as defined herein.

(2) "Any other party" means any other legal entity, including, but not limited to, another municipality, political subdivision, public authority, agency or instrumentality of any state or the United States, a partnership, a limited partnership, a limited liability company, a corporation, an electric cooperative or an investor-owned utility existing under the laws of any state; and

(3) "Project" or "projects" means systems or facilities owned by another party and used for the generation, transmission, transformation or supply of electric power, or any interest in

them, whether an undivided interest as a tenant in common or otherwise, or any right to the output, capacity or services thereof.

(b) In addition to the general authority to purchase electricity on a wholesale basis for resale to its customers, any municipality that owns and operates an electric power system under the provisions of this article may enter into a contract with any other party for the purchase of electricity from one or more projects located in the United States that provide that the contracting municipality is obligated to make payments required by the contract whether or not a project is completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a project or the power and energy contracted for and that the payments shall not be subject to any reduction, whether by offset or otherwise, and shall not be conditioned upon performance or nonperformance by any other party. The contract may provide that, in the event of a default by the municipality or any other party to the contract in the performance of each entities' obligations under the contract, any nondefaulting municipality or any other party to the contract shall on a pro rata basis succeed to the rights and interests of, and assume the obligations of, the defaulting party.

(c) Notwithstanding any other provisions of law, ordinance or charter provision to the contrary, a contract under subsection (b) of this section may extend for more than fifty years or fifty years from the date a project is estimated to be placed into normal continuous operation and the execution and effectiveness of the contract is not subject to any authorizations or approvals by the state or any agency, commission, instrumentality or political subdivision thereof except as otherwise specifically required by law.

(d) A contract under subsection (b) of this section may provide that payments by the municipality are made solely from and may be secured by a pledge of and lien upon revenues derived by the municipality from ownership and operation and that payments shall constitute an operating expense of the electric power system. No obligation under the contract shall constitute a legal or equitable pledge, charge, lien or encumbrance upon any property of the municipality or upon any of its income, receipts or revenues, except the revenues of the municipality's electric power system. Neither the faith and credit nor the taxing power of the municipality shall be pledged for the payment of any obligation under the contract.

(e) A municipality contracting under the provisions of subsection (b) of this section is obligated to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services it sells, furnishes or supplies through its electric power system in an amount sufficient to provide revenues adequate to meet its obligations under the contract and to pay any and all other amounts payable from or constituting a charge and lien upon the revenues, including the amounts necessary to pay the principal and interest on any municipal bonds issued related to its electric power system: *Provided*, That any change in the rates and charges of the municipality to the customers of the electric power system under the provisions of this section are subject to the provisions and requirements of section four-b, article two, chapter twenty-four of this code and the obligations of the municipality under the contract are costs of providing electric service within the meaning of that section.

#### PART IV—REVENUE BOND FINANCING

**§ 8-19-12a. Deposit required for new customers; lien for delinquent service rates and charges; failure to cure delinquency; payment from deposit; reconnecting deposit; return of deposit; liens; civil actions; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure**

(a)(1) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the property and the owner thereof, as well as the user of the services and facilities provided, shall be delinquent and the owner, user and property shall be held liable at law until such time as all such rates and charges are fully paid. When a payment has become delinquent, the municipality may utilize any funds held as a security deposit to satisfy the delinquent

payment. All new applicants for service shall indicate to the municipality or governing body whether they are an owner or tenant with respect to the service location.

(2) The municipality or governing body, but only one of them, may collect from all new applicants for service a deposit of fifty dollars or two twelfths of the average annual usage of the applicant's specific customer class, whichever is greater, to secure the payment of water service rates, fees and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent and the user's service is disconnected or terminated, no reconnection or reinstatement of service may be made by the municipality or governing body until another deposit equal to fifty dollars or a sum equal to two twelfths of the average usage for the applicant's specific customer class, whichever is greater, is remitted to the municipality or governing body. After twelve months of prompt payment history, the municipality or governing body shall return the deposit to the customer or credit the customer's account with interest at a rate as the public service commission may prescribe: *Provided*, That where the customer is a tenant, the municipality or governing body is not required to return the deposit until the time the tenant discontinues service with the municipality or governing body. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The municipality or governing body may, under reasonable rules promulgated by the public service commission, shut off and discontinue water services to a delinquent user of water facilities ten days after the water services become delinquent regardless of whether the municipality or governing body utilizes the security deposit to satisfy any delinquent payments.

(b) All rates or charges for water service whenever delinquent shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: *Provided*, That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of such real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(c) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

(d) No municipality may foreclose upon the premises served by it for delinquent rates or charges for which a lien is authorized by this section except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the municipality lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the municipality had exhausted all other remedies for the collection of debts with respect to such delinquencies prior to the bringing of such action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought.

Re: City of White Sulphur Springs  
Water Project 2008W-1021

Dear Mayor Fogus:

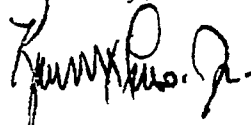

The West Virginia Infrastructure and Jobs Development Council (the "Council") has reviewed the City of White Sulphur Springs' (the "City") revised preliminary application to upgrade the existing water treatment plant and water distribution system (the "Project").

Based on the findings of the Water Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The City should carefully review the enclosed comments of the Water Technical Review Committee as the City may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the revised preliminary application, the Council determined that the City should pursue a \$9,780,000 Drinking Water Treatment Revolving Fund loan to fund this project. Please contact the West Virginia Bureau of Public Health office at (304) 558-6749 for specific information on the steps the City needs to follow to apply for these funds. **Please note that this letter does not constitute funding approval from this agency.**

If you have any questions regarding this matter, please contact Jeff Brady at (304) 558-4607.

Sincerely,

Kenneth Lowe, Jr.

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided that if the Local Entity has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for ~~debt service on the Local Bonds and all other obligations secured by a lien on or payable~~ from the revenues of the System prior to or on a parity with the Local Bonds or, if the

Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Entity will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the DWTRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of the System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Entity shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and BPH;

(vi) That the Local Entity will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Entity will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Entity under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or

construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

If the Local Entity receives \$300,000 or more (in federal funds) in a fiscal year, the audit shall be obtained in accordance with the Single Audit Act (as amended from time to time) and the applicable OMB Circular (or any successor thereto). (xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Entity and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim

funding of such Local Entity, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and BPH, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Entity may authorize redemption of the Local Bonds with 30 days written notice to BPH and the Authority;

The Local Entity shall complete the Monthly Payment Form, attached hereto as Exhibit E and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month. When required by the Authority, the Local Entity shall make monthly payments to the Commission by electronic transfer;

(xviii) That, if required by the Authority and BPH and, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Entity will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Entity shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and BPH, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and BPH is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

the System and will not restore such services until all delinquent charges for the services of the System have been fully paid; and

(xxi) That the Local Entity shall submit all proposed change orders to the BPH for written approval. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Entity. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

Such administrative expenses shall be determined by the BPH and the Authority and shall include, without limitation, Program expenses, legal fees paid by the BPH and the Authority and fees paid for any bonds or notes to be issued by the Authority for contribution to the Fund.

4.6 The obligation of the Authority to make any loans shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to make the Loan.

## INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Local Entity to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ( $\$1,200/12$ ). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ( $\$900/12$ ). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Local Entity according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Entity.

**The Local Entity must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10<sup>th</sup> day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.**

FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT  
AMERICAN RECOVERY AND REINVESTMENT ACT**

---

### **A. Purpose and Summary**

The purpose of this Addendum is to ensure that recipients of grant awards from the West Virginia Department of Health and Human Resources understand their responsibilities under the Federal Funding Accountability and Transparency Act of 2006 and the American Recovery and Reinvestment Act of 2009, as may be applicable.

As part of these responsibilities, and as condition for execution of this Grant Agreement, Grantees must remain current in the Central Contractor Registration (CCR) database (<http://www.ccr.gov>) at all times during which they have active DHHR grant awards. The CCR database is the repository for standard information about Federal financial assistance applicants, recipients and subrecipients. Grantees must update or renew their CCR registration at least once per year to maintain an active status.

In order to register in the Central Contractor Registration database, Grantees must first obtain a valid Data Universal Numbering System (DUNS) Number from Dun and Bradstreet at <http://www.dnb.com>. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. The identifier is used for tracking purposes and for validating the address and point of contact information for Federal assistance applicants, recipients and subrecipients.

Additional information about obtaining a DUNS number and maintaining registration with the CCR are included on the websites referenced above and on the attached Instructions for Completion of the Subrecipient (Grantee) Information Form. As further explained within this Addendum, the attached Subrecipient (Grantee) Information Form must be completed by the Grantee and submitted to the DHHR during the negotiation (pre-award) stage of the grant cycle.

### **B. Federal Funding Accountability and Transparency Act of 2006**

The Federal Funding Accountability and Transparency Act of 2006, Public Law 109-282, hereinafter referred to as the Transparency Act, is an Act of Congress that requires full disclosure to the public of all entities or organizations receiving Federal funds. The Transparency Act directed the Office of Management and Budget (OMB), by January 1, 2008, to ensure the existence and operation of a single searchable website, accessible to the public at no cost, which includes for each Federal award:

1. The amount of the award;
2. Information including transaction type, funding agency, the North American Industry Classification System code or Catalog of Federal Domestic Assistance number (where applicable), program source, and an award title descriptive of the purpose of each funding action;
3. The name and location of the recipient and the primary location of performance;
4. A unique identifier of the recipient and any parent agency (DUNS Number); and
5. Any other relevant information specified by the OMB

The Transparency Act also required the OMB, by July 1, 2007, to commence a pilot program to test the collection of and access to data about subgrants and to determine how to implement a subaward-reporting program across the Federal Government. Thereafter, the Transparency Act required the OMB to terminate the pilot program by January 1, 2009 and, subject to extensions, replace it with a permanent system of ensuring that data regarding subawards is disclosed in the same manner as data regarding other Federal awards.

AMERICAN RECOVERY AND REINVESTMENT ACT

**C. American Recovery and Reinvestment Act of 2009**

The American Recovery and Reinvestment Act of 2009, Public Law 111-5, hereinafter referred to as the ARRA, is an economic stimulus package enacted by the 111<sup>th</sup> United States Congress and signed into law by President Barack Obama on February 17, 2009. The ARRA is intended to provide a stimulus to the U.S. economy in the wake of the economic downturn and includes Federal tax relief, expansion of unemployment benefits and other social welfare provisions; and domestic spending on education, health care, and infrastructure, including the energy sector. The ARRA provides for unprecedented levels of transparency and accountability so that the public will be able to know how, when and where their tax dollars are being spent. Specific information and requirements under the ARRA are as follows:

1. Funding provided from the Federal Government through the ARRA is "one-time only" funding and, to maximize the transparency and accountability of ARRA funds, organizations receiving funding under the ARRA must maintain records that identify adequately the source and application of those funds.
2. Section 1512(c) of the ARRA requires quarterly reporting on the use of funds. The data elements proposed for reporting the information described in Section 1512(c) were published in the Federal Register on April 1, 2009 [74 FR 14824]. The reporting requirements under Section 1512(c) of the ARRA currently apply only to entities receiving ARRA funds directly from the Federal Government, sometimes referred to as primary recipients.
3. Section 1512(h) of the ARRA requires recipients of ARRA funds, and their first-tier recipients [subrecipients] to register in the Central Contractor Registration (CCR) database at <http://www.ccr.gov>. In order to register in the CCR, a valid Data Universal Numbering System (DUNS) Number is required, as further described within this Addendum and within the Instructions for Completion of the Subrecipient [Grantee] Information Form.
4. Section 1605 of the ARRA requires that projects funded by the ARRA for the construction, alteration, maintenance, or repair of a public building or public work use American iron, steel, and manufactured goods in the project unless one of the specified exemptions applies. The ARRA provides that this requirement be applied in a manner consistent with U.S. obligations under international agreements. Definitions of "manufactured good," "public building and public work," and other terms as they pertain to the Buy American guidance in 2 CFR part 176 are found in § 176.140 and § 176.160.
5. Section 1606 of the ARRA requires the payment of Davis-Bacon Act (40 U.S.C. 31) wage rates to "laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government" pursuant to the ARRA.
6. Grantees bound by the Single Audit Act Amendments of 1996 and OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, must separately identify the expenditures for Federal awards under the ARRA on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. This requirement shall be accomplished by identifying expenditures for Federal awards made under the ARRA separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC. Additional information regarding the Federal audit requirements of OMB Circular A-133 is located within Exhibit F of the DHHR Grant Agreement and the Source of Funds Schedule, attached to this Grant Agreement as Exhibit B, identifies whether the funds awarded under this grant are being made available through appropriations under the ARRA.

**ADDENDUM**  
**FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT**  
**AMERICAN RECOVERY AND REINVESTMENT ACT**

---

**D. DHHR Reporting to the Federal Government**

At present time, direct reporting to the Federal Government lies solely at the primary recipient level. Therefore, while subrecipients of grant awards from the DHHR do not have to report data directly to the Federal Government, the DHHR, as a primary recipient and pass-through entity of Federal awards, does have a responsibility to report on certain data elements regarding its subgrant activities. As such, the DHHR is required to report the following information to the Federal Government with respect to its subawards:

1. Subrecipient DUNS number
2. Award number or other identifying number
3. Subrecipient name
4. Subrecipient location
5. Subrecipient type
6. Amount of subaward disbursed
7. Total amount of subaward
8. Subaward date
9. Subaward project/grant period
10. Primary performance location
11. Names and total compensation of the five most highly compensated officers of the entity

**E. Subrecipient (Grantee) Information Form**

Both the Transparency Act and the ARRA address the primary recipient's requirements to report information on the subawards it makes to subrecipient (Grantee) organizations. To ensure completeness and consistency in accounting for the funds received and subawarded by the West Virginia Department of Health and Human Resources (DHHR) to DHHR Grantees, the DHHR has developed a standardized form in which Grantees shall be required to complete and submit to the DHHR during the negotiation (pre-award) stage of the grant cycle. The DHHR will not process the Grant Agreement or commit any of the funds related thereto until the Grantee submits a signed copy of the Subrecipient (Grantee) Information Form.

**F. Future Informational Updates and Regulatory Requirements**

Currently, the rules, regulations and guidance issued by the Federal Government with respect to the oversight, accountability and reporting requirements associated with the Transparency Act and the ARRA are a work-in-progress. As referenced in the aforementioned sections of this Addendum, there are a number of reporting requirements (data elements) for which the DHHR, as a primary recipient of Federal funds, must report directly to the Federal Government. While the Federal Government has not currently placed specific reporting obligations on all subrecipients (Grantees), by all indications, these requirements are forthcoming from the Executive Office of the President or through the release of individual Federal agency regulations. Therefore, as additional information becomes available and the Federal Government provides more details on managing Federal funds, the DHHR will transmit the information or requirements to its grant community through an update to this memorandum or by other determinable means to ensure overall compliance with the Transparency Act and the ARRA.

The Local Bonds are issued for the purposes of (i) \_\_\_\_\_, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of \_\_\_\_\_of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond \_\_\_\_\_duly adopted or enacted by the Local Entity on \_\_\_\_\_, as ~~supplemented by the supplemental resolution duly adopted by the Local Entity on \_\_\_\_\_~~(collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Entity to the Authority and are valid, legally enforceable and binding special obligations of the Local Entity, payable from the gross or net revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the gross or net revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt \_\_\_\_\_, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

~~—No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.~~

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

## **Minutes of the Public Meeting held at the White Sulphur Springs City Hall at 6:30 pm on January 18, 2008.**

The Meeting was called to order by the Mayor Debra Fogus. She asked everyone present to sign the "sign-up sheet" and then turned the meeting over to Mr. Paul Ghosh of Ghosh Engineers, Inc for the description of the proposed project.

Paul Ghosh: The wastewater system improvements project for White Sulphur Springs is a two-part project. One part deals with the improvements of the wastewater treatment plant and the other part deals with the improvements of the wastewater collection system. While the wastewater treatment plant serves more than just the City the collection system improvements are limited to the system within the City.

The wastewater treatment plant project is funded through TIF funds available from the Greenbrier County Commission. This will be grant funds. This project is not being discussed in detail at this meeting.

The \$4 million dollar collection system upgrades project will be funded in full through the State Revolving Fund. The terms of this loan fund will be at zero percent interest over thirty years. There will however be a yearly 0.5% administrative fee on the unpaid amount. This Public Meeting is a requirement for eligibility for this loan.

There are many problems with the existing collection system of the City such as:

- System is old and parts of it are in need of repair and replacement.

- Parts of the system especially in the downtown area get surcharged during wet weather causing some basement flooding.
- There is a lot of infiltration and some inflow in the system.
- Lots of manholes are in dire need of replacement or repair.

Based on this the goals of the project were established.

- a. Eliminate obvious problems with the manholes, which will involve repaving and/or replacement of the inverts, replacement of frame and cover, installation of manhole steps, total replacement of manholes and installation of new manholes. This will not only reduce infiltration and inflow but also greatly enhance general maintenance of the entire collection system and safety of the operating personnel.
- b. Reduce and if possible eliminate all local surcharging of the collection system and well as basements in some sections of the town. These areas of collection system surcharges included Palm Beach Street, Patterson Street, Memorial Street, Forren Street, Mill Hill Street, Reed Street, a line just south of Fish Hatchery and the alley crossing Ballard, Hines and Nutter.
- c. The existing Howard Creek Pump Station is not capable of handling all flows coming to the station and currently does not have an emergency generator.
- d. Replace Pleasant Valley Grinder Pump Station.
- e. Some catch basins are connected to the existing sanitary sewer lines. Disconnect these catch basins.

During the design process we investigated all possible solutions for the localized basement flooding and surcharging of manholes on Palm Beach Street, Patterson Street, Memorial Street, Forren Street, Mill Hill Street, Reed Street, a line just south of Fish Hatchery and the alley crossing Ballard, Hines and Nutter streets.

We concluded that wastewater flow from the eastern part of the city goes through a maze of lines of various sizes and making many 90<sup>0</sup> degree turns at the manholes to travel through the older downtown area of the city to the main 21" interceptor at the west end of the city.

We concluded that if a new 18", 12" and 8" interceptor lines are installed from the east to the west end of town that will eliminate the need for the Howard Creek Pump Station and solve the problem of localized flooding.

Based on this major components of the collection system improvements project are –

- a. A main interceptor line through the city from east to west.

The line from the east will begin and go through the alley crossing Ballard, Hines and Nutter streets then through just south of the Fish Hatchery and O'Connell Street and then cross Howard Creek to the existing Howard Creek Pump Station area. Abandon Howard Creek Pump Station. Cross Howard Creek and Big Daft Road to Patterson Street, then through Patterson Street to Palm Beach Street. Then from Palm Beach Street to Shawn Lane. Then from Shawn Lane to Salisbury Street and then finally on the main interceptor to the WWTP.

- b. Replacements of sections of lines as delineated by the maintenance crew:

Ingleside Road (Line 3)  
Drewery Street (Line 4)  
Memorial Street (Line 5)  
Rip Van Winkle (Line 6)  
Line serving WV Welcome Center on I-64 (Line 7)  
Mill Hill Ave crossing Wades Run (Line 8)  
Line from Greenbrier Limousine Co. to Mill Hill Ave (Line 9)  
Clarke Street (Line 10)

- c. Following a complete manhole survey these improvements are proposed for the manholes in the system:

- \* Installation of 42 new manholes
- \* Replacement of 20 new manholes
- \* New invert for 65 manholes
- \* Repaving of inverts for 25 manholes
- \* Replacement of frame and cover for 100 manholes

d. Replacement of Pleasant Valley Pump Station.

e. Abandon the Howard Creek Pump Station.

The Pleasant Valley Pump Station however, has been replaced by the city due to urgent need to do so.

The construction cost of the project is approximately \$3.5 million and the total cost of the project is \$4.0 million. All of this \$4.0 million will be funded through the State Revolving Fund as a loan over 30 year period.

Based of the repayment of this new debt, existing debt and proposed maintenance cost of the sanitary sewer system, new rate for sanitary sewer will be \$8.04 per thousand gallons per month. This rate will be applicable at the end of the construction of the collection system.

Earlier the City passed an ordinance establishing the following users charge per thousand gallons per month.

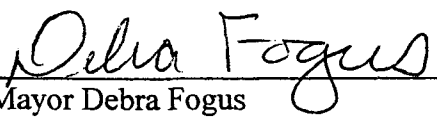

<u>Existing Rate</u>	<u>Proposed rate effective 2/08</u>	<u>Proposed rate Effective 3/09</u>
\$5.97	\$6.74	\$8.04

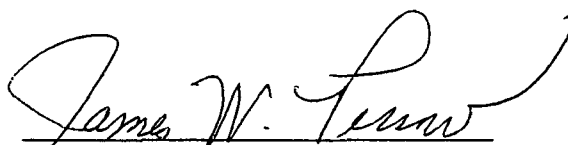

This concludes the detailed description of the need, scope, funding and proposed users charge for the project.

At this time I will try to answer any question you may have.

There was no question for Mr. Ghosh and Mayor made sure that everyone present signed the sign-up sheet.

At this time the Mayor adjourned the Public Meeting.

NOW, THEREFORE, BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF WHITE SULPHUR SPRINGS:

### ARTICLE I

#### STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the “Bond Legislation”) is enacted pursuant to the provisions of Chapter 8, Article 19 and Chapter 16, Article 13C of the Code of West Virginia, 1931, as amended (collectively, the “Act”), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of White Sulphur Springs (the “Issuer”) is a municipal corporation and political subdivision of the State of West Virginia in Greenbrier County of said State.

B. The Issuer presently owns and operates a public water system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be designed certain additions, betterments and improvements to the waterworks system of the Issuer, consisting of the design of upgrades to the water plant and water lines (collectively, the “Project”), (the existing public water system of the Issuer, the Project and any further additions thereto or extensions thereof are herein called the “System”).

C. The Issuer intends to temporarily finance the costs of design of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the “Authority”), which administers the West Virginia DWTRF Program (the “DWTRF Program”) for the West Virginia Bureau for Public Health, a division of West Virginia Department of Health and Human Resources (the “BPH”), pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Design Revenue Bonds, Series 2009 A (West Virginia DWTRF Program) (the “Series 2009 A Bonds”), in the total aggregate principal amount of not more than \$650,000, initially to be represented by a single bond, to temporarily finance the costs of design of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2009 A Bonds prior to and during design and for a period not exceeding 6 months after completion of design of the Project; amounts which may be deposited in the Series 2009 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense; commitment fees; fees and expenses of the Authority; discount; initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2009 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized; the design of the Project and the placing of same in operation; and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2009 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2009 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority on behalf of the BPH, in form satisfactory to the Issuer, the Authority and the BPH (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2009 A Bonds as to liens, pledge, source of and security for payment, being the Water Refunding Revenue Bonds, Series 1993 A, dated October 15, 2003, issued in the original principal amount of \$929,000 (the "Prior Bonds"). The ordinance which authorized the issuance of the Prior Bonds is herein referred to as the "Prior Ordinance".

The Series 2009 A Bonds shall be issued on a parity with the Prior Bonds, with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2009 A Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Registered Owners of the Prior Bonds to the issuance of the Series 2009 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Prior Bonds and the Series 2009 A Bonds and to make all payments into all funds and accounts and other payments provided for herein and in the Prior Ordinance.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the design of the Project, the operation of the System and the issuance of the Series 2009 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project by the West Virginia Infrastructure and Jobs Development Council.

J. The Project has been reviewed and determined to be technically and financially feasible by the West Virginia Infrastructure and Jobs Development Council as required under Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of Series 2009 A Bonds by those who shall be the Registered Owners of the same

from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2009 A Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Section 3.03. Execution of Bonds. The Series 2009 A Bonds shall be executed in the name of the Issuer by the Mayor, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Recorder. In case any one or more of the officers who shall have signed or sealed the Series 2009 A Bonds shall cease to be such officer of the Issuer before the Series 2009 A Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2009 A Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of the authorization of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2009 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2009 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2009 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Registered Owner, in accepting the Series 2009 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Registered Owner shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide registered owner for value.

So long as the Series 2009 A Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2009 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2009 A Bonds or transferring the registered Series 2009 A Bonds are exercised, all Series 2009 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2009 A Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2009 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2009 A Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2009 A Bonds or, in the case of any proposed redemption of Series 2009 A Bonds, next preceding the date of the selection of Series 2009 A Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2009 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Registered Owner's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid; and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2009 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the System as herein provided. No Registered Owner of the Series 2009 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2009 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2009 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Registered Owners of the Prior Bonds. Such Gross Revenues in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 2009 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as the same become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2009 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2009 A Bonds to the original purchasers upon receipt of the documents set forth below:

A. A request and authorization to the Bond Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2009 A Bonds to the original purchasers;

B. If other than the Authority, a list of the names in which the Series 2009 A Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Bond Registrar may reasonably require;

C. An executed and certified copy of the Bond Legislation;

D. An executed copy of the Loan Agreement; and

E. The unqualified approving opinion of bond counsel on the Series 2009 A Bonds.

Section 3.10. Form of Bonds. The text of the Series 2009 A Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond is subject to prepayment without penalty in whole or in part at any time upon the payment of the outstanding principal and the interest accrued to the prepayment date this Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Bureau for Public Health (the "BPH"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the BPH, dated \_\_\_\_\_, 200\_\_.

This Bond is issued (i) to pay the costs of design of certain additions, betterments and improvements to the water system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public water system of the Issuer, the Project, and any further extensions, additions, betterments or improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 8, Article 19 and Chapter 16, Article 13C of the Code of West Virginia, 1931, as amended (collectively, the "Act"), a Bond Ordinance duly enacted by the Issuer on \_\_\_\_\_, 20\_\_\_\_, and a Supplemental Resolution duly adopted by the Issuer on \_\_\_\_\_, 20\_\_\_\_ (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S WATER REFUNDING REVENUE BONDS, SERIES 2003 A, DATED OCTOBER 15, 2003, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$929,000 (THE "PRIOR BONDS").

Such Gross Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within

the meaning of any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest thereon, except from said special fund provided from the Gross Revenues, the moneys in the Series 2009 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds; provided however, that so long as there exists in the Series 2009 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on this Bond in the then current or any succeeding year, and in the reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar (as defined in the Bond Legislation) by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, THE CITY OF WHITE SULPHUR SPRINGS has caused this Bond to be signed by its Mayor and its corporate seal to be hereunto affixed and attested by its Recorder, and has caused this Bond to be dated \_\_\_\_\_, 2009.

- (3) Series 2009 A Bonds Project Fund.

#### Section 5.02. Establishment of Funds and Accounts with Commission.

The following special funds or accounts are hereby created with and shall be held by the Commission, separate and apart from all other funds or accounts of the Commission or the Issuer and from each other:

- (1) Series 2009 A Bonds Sinking Fund; and
- (2) Series 2009 A Bonds Reserve Account.

#### Section 5.03. System Revenues; Flow of Funds.

A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Prior Ordinance and in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Prior Ordinance and in this Bond Legislation. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

- (1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and simultaneously remit (i) the amount required by the Prior Ordinance for payment of interest on the Prior Bonds; and (ii) commencing 3 months prior to the first date of payment of interest on the Series 2009 A Bonds, for which interest has not been capitalized or as required in the Loan Agreement, to the Commission for deposit in the Series 2009 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2009 A Bonds on the next ensuing quarterly interest payment date;

provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit (i) the amount required by the Prior Ordinance for payment of principal of the Prior Bonds; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2009 A Bonds, to the Commission for deposit in the Series 2009 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2009 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission commencing 3 months prior to the first date of payment of principal of the Series 2009 A Bonds, if not fully funded upon issuance of the Series 2009 A Bonds, for deposit in the Series 2009 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2009 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2009 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2009 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Ordinance and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, or improvements or extensions to the System; provided that, any deficiencies in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have

not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2009 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2009 A Bonds as the same shall become due. Moneys in the Series 2009 A Bonds Reserve Account shall be used only for the purposes of paying principal of and interest on the Series 2009 A Bonds as the same shall come due, when other moneys in the Series 2009 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2009 A Bonds Sinking Fund and Series 2009 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during design of the Project, be deposited in the Series 2009 A Bonds Project Fund, and following completion of design of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2009 A Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2009 A Bonds Reserve Account which result in a reduction in the balance therein to below the Series 2009 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2009 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay any interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2009 A Bonds Sinking Fund or the Series 2009 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2009 A Bonds then Outstanding and all interest to accrue until the maturity thereof.

Interest, principal or reserve payments, whether for a deficiency or otherwise, shall be made on a parity basis and pro rata with respect to the Prior Bonds and Series 2009 A Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2009 A Bonds Sinking Fund and the Series 2009 A Bonds Reserve Account created hereunder, and all amounts required for such accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into the Series 2009 A Bonds Sinking Fund and the Series 2009 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2009 A Bonds Sinking Fund and the Series 2009 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2009 A Bonds Sinking Fund and the Series 2009 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2009 A Bonds Outstanding under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by the Act, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of each calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and

fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The moneys in excess of the maximum amounts insured by FDIC in any of the funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

## ARTICLE VI

The Issuer has obtained, or will prior to the issuance of the Series 2009 A Bonds obtain, any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer proposed to be enacted on February 23, 2003, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2009 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2009 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance. Additionally, so long as the Series 2009 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the BPH, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2009 A Bonds, immediately be remitted to the Commission for deposit in the Series 2009 A Bonds Sinking Fund and the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2009 A Bonds. Any balance remaining after the payment of the Series 2009 A Bonds and the interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of

such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine, upon consultation with the Consulting Engineers, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall, with the written consent of the Authority and the BPH, shall be deposited in the Renewal and Replacement Fund. Such payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Registered Owners, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2009 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2009 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2009 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts established by this Bond Legislation have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2009 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2009

A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the BPH prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. Additionally, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2009 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the BPH or without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinance).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2009 A Bonds.

No such Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition or construction of additions, extensions, improvements or betterments to the System or refunding the Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the maximum debt service in any succeeding year on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued; and
- (3) The Parity Bonds then proposed to be issued.

The “estimated average increased annual Net Revenues to be received in each of the 3 succeeding years,” as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Series 2009 A Bonds and the Registered Owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section and the Prior Ordinance. All such Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Net Revenues of the System, and their source of and security for payment from the Net Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2009 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2009 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation and the Prior Ordinance with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation and the Prior Ordinance, shall have been made in full

as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation and the Prior Ordinance and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments and compliance.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of completing the Project. The Issuer shall permit the Authority and the BPH, or its agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the BPH such documents and information as they may reasonably require in connection with the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the BPH, or its agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Series 2009 A Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the BPH, or any other original purchaser of the Series 2009 A Bonds, and shall mail in each year to any Registered Owner of the Series 2009 A Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2009 A Bonds and shall submit said report to the Authority and the BPH, or any other original purchaser of the Series 2009 A Bonds. Such audit report submitted to the Authority and the BPH shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement, the Act and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to complete the Project. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the BPH, or its agents and representatives, to enter and inspect the System facilities at all reasonable times. Prior to, during and after completion of design of the Project, the Issuer shall also provide the Authority, or its agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the BPH with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2009 A Bonds, equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of the rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created (or, where appropriate, continued) hereunder. Such schedule of rates and charges shall be changed and readjusted

whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Series 2009 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2009 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirement are on deposit in the Reserve Account and any reserve accounts for obligations on a parity with the Series 2009 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Series 2009 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2009 A Bonds, including the Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the BPH within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate by a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the BPH or to any Registered Owner of the Series 2009 A Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the BPH and any Registered Owner of the Series 2009 A Bonds, or anyone acting for and on behalf of such Registered Owner.

Commencing on the date contracts are executed for the design of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the BPH by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project will be designed as described in the application submitted to the Authority and the BPH. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards. The Issuer shall employ and retain qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2009 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. In the event of any damage to or destruction of any portion of the System, the proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE for all employees of or for the System eligible therefor.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special-flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Board having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 7.16. Mandatory Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion of Design of Project; Permits and Orders. The Issuer shall cause the Project to be designed as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the completion of the Project, all orders and approvals from the PSC, the BPH and the West Virginia Infrastructure and Jobs Development Council necessary for the completion of the Project and the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. The Issuer shall also comply with all applicable laws, rules and regulations issued by the Authority and the BPH or other state, federal or local bodies in regard to the design, acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Reserved.

Section 7.20. Securities Laws Compliance. The Issuer shall provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Statutory Mortgage Lien. For the further protection of the Registered Owners of the Series 2009 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2009 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Registered Owners of the Prior Bonds.

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2009 A Bonds or immediately thereafter, enter into written contracts for the immediate design of the Project.

B. The Issuer shall submit all proposed change orders to the BPH for written approval. The Issuer shall obtain the written approval of the BPH before expending any proceeds of the Series 2009 A Bonds held in “contingency” as set forth in the schedule attached to the Certificate of the Consulting Engineer.

C. The Issuer shall list the funding as being provided by the BPH and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

## ARTICLE VIII

### INVESTMENT OF FUNDS

Section 8.01. Investment of Funds. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the Prior Ordinance, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2009 A Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Series 2009 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the

use of proceeds of the Series 2009 A Bonds as a condition to issuance of the Series 2009 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2009 A Bonds as may be necessary in order to maintain the status of the Series 2009 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2009 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the BPH, as the case may be, from which the proceeds of the Series 2009 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the BPH, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

## ARTICLE IX

### DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an “Event of Default” with respect to the Series 2009 A Bonds:

- (1) If default occurs in the due and punctual payment of the principal of or interest on the Series 2009 A Bonds; or
- (2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2009 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2009 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Registered Owner of a Bond; or
- (3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or
- (4) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Series 2009 A Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2009 A Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2009 A Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Registered Owners of the Series 2009 A Bonds shall be on a parity with those of the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Series 2009 A Bond may, by proper legal action, compel the performance of the duties of the Issuer

under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Series 2009 A Bonds, any Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the Project on behalf of the Issuer, with the power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of such Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate and maintain, manage and control the System, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to the System as the Issuer itself might exercise.

Whenever all that is due upon such Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Section 3.10.      Prohibition of Other Loans. So long as the Bonds are outstanding, no bonds, notes or other evidences of indebtedness shall be issued by the City without the prior written consent of the Purchaser; provided however, that the City may issue refunding notes or bonds to pay the entire outstanding principal of and all interest accrued on the Bonds in full.

Section 3.11.      Advances of Principal of Bonds. The City shall request from the Purchaser all of the proceeds of the Bonds on the Closing Date, to pay the costs of refunding the Series 1993 Bonds and the costs of issuance hereof and related costs and only to pay costs authorized by this Ordinance. After payment of all such costs, any remaining Bond proceeds shall be transferred to the Bonds Payment Fund and applied only to the payment of the Bonds.

Section 3.12. Covenants with Holders of Bonds. In order to secure the payment of the Bonds, the City hereby covenants and agrees with the Holders of the Bonds as follows:

(A) General Statement. So long as the Bonds shall be outstanding and unpaid, or until there shall have been set apart a sum sufficient to prepay the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the City and the Purchaser.

(B) Rates. The City will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Bonds and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

(C) Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

(D) Issuance of Additional Parity Bonds. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Bond pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Bond, provided, however, that a separate debt service reserve fund may be established exclusively for such Parity Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding the Bonds issued pursuant hereto or subsequent Parity Bonds, or any combination of such purposes.

No Parity Bonds shall be issued at any time, however, unless the City certifies in writing that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall

not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the City, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in the certificate of the City.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, on account of increased rates, rentals, fees and charges for the System adopted by the City, the period for appeal of which, if any, has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the City shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holder of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond. The City shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject

to the prior and superior liens of the Bonds on such revenues. The City shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the City shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

(E) Insurance and Bonds. A. The City hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(i) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the City will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The City will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the City during construction of the Project in the full insurable value thereof.

(ii) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the City from claims for bodily injury and/or death, and not less than \$200,000 to protect the City from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bonds.

(iii) Vehicular Public Liability Insurance, in the event the City owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the City is operated at any time or times for the benefit of the City, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the City from claims for bodily injury and/or death, and not less than \$200,000 to protect the City from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the City.

(iv) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(v) Flood Insurance to be procured, to the extent available at reasonable cost to the City.

(vi) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the City in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer.

(vii) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, so long as the Bonds are outstanding, the City will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the City.

B. All insurance proceeds awarded to the City that are not applied to the repair or replacement of the subject property damaged or destroyed, shall

be applied by the City to prepayment of the Bonds, unless otherwise consented to in writing by the Bondholder.

(F) Statutory Mortgage Lien. For the further protection of the Holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bonds.

(G) Fiscal Year; Budget; Financial Statements. While the Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the City agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Bondholder by the beginning of each Fiscal Year.

If for any reason the City shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the City. Each such Budget of Current Expenses shall be mailed immediately to the Bondholder.

The City shall submit to the Purchaser a balance sheet and statement of revenues and expenses within sixty (60) days of each calendar quarter and an annual financial statement within one hundred twenty (120) days of its fiscal year-end, audited or prepared by Independent Certified Public Accountants acceptable to the Purchaser. Additional financial information is to be provided upon Purchaser's request.

(H) Compensation of Members of Governing Body. The City hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

(I) Books and Records; Audits. The City will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the City, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the City relating thereto.

The City shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The City shall further comply with the Act with respect to such books, records and accounts.

(J) Maintenance of System. The City covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bonds are outstanding.

(K) No Competition. To the extent legally allowable, the City will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the City or within the territory served by the System.

(L) Application of Bond Proceeds. The City will not make or cause or permit to be made any application of the proceeds of the Bonds except in accordance with the provisions of Article IV hereof, or of any monies held in the Bonds Payment Fund, except in accordance with the provisions of Article IV hereof.

(M) The City shall comply with all other requirements as are required by the Commitment Letter, the terms of which are incorporated herein and made a part hereof.

Section 3.13. Required Notices to Holders of Bonds. The City will provide the Purchaser prompt written notice, appropriately documented, if the City authorizes any additional indebtedness related to the System for the Purchaser's approval pursuant to Section 3.10 hereof.

Section 3.14. Arbitrage and Tax Exemption. The City covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Bonds) so that the interest on the Bonds will be and remain excludable from

gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 3.15. Small City Exemption from Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(D) of the Code, the City covenants that it is a governmental unit with general taxing powers; that no part of the Bonds are private activity bonds; that 95% or more of the Net Proceeds of the Bonds are to be used for local governmental activities of the City (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the City); and that the aggregate face amount of all the tax-exempt obligations (other than private activity bonds) issued by the City during the calendar year in which the Bonds are issued does not and will not exceed \$5,000,000, determined in accordance with Section 148(f)(4)(D) of the Code and the Regulations from time to time in effect and applicable to the Bonds. For purposes of the first paragraph of this Section and for purposes of applying Section 148(f)(4)(D) of the Code, the City and all entities which issue obligations on behalf of the City shall be treated as one City; all obligations issued by a governmental unit to make loans to other governmental units with general taxing powers not subordinate to such unit shall, for purposes of applying this first paragraph of this Section and Section 148(f)(4)(D) of the Code, be treated as not issued by such unit; all obligations issued by a subordinate entity shall, for purposes of applying this first paragraph of this Section and Section 148(f)(4)(D) of the Code to each other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(D) of the Code and all other entities benefitting thereby shall be treated as one City.

Section 3.16. Tax Covenants. The City hereby further covenants and agrees as follows:

A. **PRIVATE BUSINESS USE LIMITATION.** The City shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the City, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said

Private Business Use or is to be derived from payments, whether or not to the City, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The City shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The City shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The City will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The City will take all actions that may be required of it so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 3.17. Designation of Bonds as "Qualified Tax-Exempt Obligations".  
The City hereby designates the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3)(B) of the Code and covenants that the Bonds do not constitute private activity bonds as defined in Section 141 of the Code, and that not more than \$10,000,000 aggregate principal amount of obligations the interest on which is excludable (under Section 103(a) of the Code) from gross income for federal income tax purposes (excluding, however, obligations issued to currently refund any obligation of the City to the extent the amount of the refunding obligation does not exceed the amount of the refunded obligation and private activity bonds, as defined in Section 141 of the Code, other than qualified 501(c)(3) bonds as defined in Section 145 of the Code), including the Bonds, have been or shall be issued by the City, including all subordinate entities of the City, during the calendar year 2003, all as determined in accordance with the Code.

Section 3.18. Disposition of Proceeds of Bonds. Upon the issuance and delivery of the Series 2003 A Bonds, the City shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued, if any, on the Series 2003 A Bonds from the date thereof to the date of delivery thereof shall be deposited in the Bonds Payment Fund and applied to payment of interest on the Series 2003 A Bonds at the first interest payment date.

B. An amount of the proceeds of the Series 2003 A Bonds which, together with other monies or securities deposited therein and the earnings thereon, shall be sufficient to accomplish the refunding and defeasance of the Series 1993 Bonds (which amount shall be set forth in the Supplemental Resolution) shall be paid to the Holders of the Series 1993 Bonds.

C. An amount of the proceeds of the Series 2003 A Bonds which shall be sufficient to pay all costs of issuance shall be deposited with the Depository Bank in the Bonds Proceeds Fund and shall be drawn out, used and applied by the City solely to pay costs of issuance of the Series 2003 A Bonds and miscellaneous costs of refunding the Series 1993 Bonds at the written direction of the City. All such costs of issuance shall be paid within 60 days of the Closing Date. Monies not to be applied immediately to pay such costs of issuance and refunding may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 6 months after the Closing Date, such unapplied proceeds shall be transferred by the City to the Bonds Payment Fund.

#### ARTICLE IV

#### FUNDS AND ACCOUNTS; SYSTEM REVENUES AND APPLICATION THEREOF; INVESTMENT OF FUNDS

##### Section 4.01. Establishment of Funds and Accounts with Depository Bank.

Pursuant to this Article IV, the following special funds or accounts are hereby created with (or continued if previously established by the 1993 Ordinance), and shall be held by, the Depository Bank, segregated and apart from all other funds or accounts of the Depository Bank and the City and from each other:

- (1) Revenue Fund (established by the 1993 Ordinance);
- (2) Renewal and Replacement Fund (established by the 1993 Ordinance);
- (3) Bonds Proceeds Fund; and
- (4) Bonds Payment Fund.

Section 4.02. System Revenues; Flow of Funds. So long as any of the Bonds shall be Outstanding and unpaid, the City covenants as follows:

A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt by the City in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Ordinance and shall be kept separate and distinct from all other funds of the City and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The City shall first each month pay from the Revenue Fund the Operating Expenses of the System.

(2) The City shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Depository Bank for deposit in the Bonds Payment Fund a sum equal to the amount required to pay interest on the Bonds on the next ensuing monthly interest payment date.

(3) The City shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously

remit to the Depository Bank for deposit in the Bonds Payment Fund a sum equal to the monthly principal payment which will become due on the Bonds on the next ensuing monthly principal payment date.

(4) The City shall next, from the monies remaining in the Revenue Fund (as previously set forth in the 1993 Ordinance and not in addition thereto), on the first day of each month, transfer to the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the City or of the Depository Bank and shall be invested and reinvested in Qualified Investments. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Bonds Payment Fund shall be used only for the purposes of paying principal of and interest on the Series 2003 A Bonds as the same shall become due, whether by maturity or redemption prior to maturity.

The City shall not be required to make any further payments into the Bonds Payment Fund when the aggregate amount of funds therein are at least equal to the aggregate principal amount of Series 2003 A Bonds issued pursuant to this Ordinance then Outstanding, plus the amount of interest due or thereafter to become due on the Series 2003 A Bonds then Outstanding.

As and when additional Bonds ranking on a parity with the Series 2003 A Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at or before maturity and to accumulate a balance in the respective reserve account

in an amount equal to the maximum amount of principal and interest which will become due in any year for account of such additional parity Bonds.

The payments into the Series 2003 A Bonds Sinking Fund shall be made on the first day of each month, except that, when the first day of any month shall be a Saturday, Sunday or legal holiday, then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Depository Bank with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Ordinance.

Section 4.03. Investment of Funds. Pending application as provided above, any monies held in the Bonds Proceeds Fund or the Bonds Payment Fund shall be invested and reinvested by the Depository Bank at the direction of the City to the fullest extent possible under applicable laws, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the City, at least once each year (or more often if reasonably requested by the City), a summary of such funds, accounts and investment earnings. The City shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

## ARTICLE V

### DEFAULTS AND REMEDIES

Section 5.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2003 A Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on the Series 2003 A Bonds;

(B) If default occurs in the City's observance of any of the covenants, agreements or conditions on its part in this Ordinance or any Supplemental Resolution or in the Series 2003 A Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the City by any Bondholder; or

(C) If the City files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

The City must cure any covenant default within 30 days after notice of the default, and failure to pay principal of or interest on the Bonds shall be an immediate event of default.

Section 5.02. Remedies. Upon the happening and continuance of any Event of Default, any Holder of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of the Holders of the Bonds including the right to require the City to perform its duties under the Act and the Legislation relating thereto, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the City to account as if it were the trustee of an express trust for the Holders of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Legislation with respect to the Bonds, or the rights of the Holders of the Bonds.

CH636161

No remedy by the terms of this Ordinance conferred upon or reserved to the Holders of the Bonds is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Holders of the Bonds hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Holders of the Notes or Bonds shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

## ARTICLE VI

### DEFEASANCE; DISCHARGE OF PLEDGE OF ORDINANCE

Section 6.01. Defeasance; Discharge of Pledge of Ordinance. If the City shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 2003 A Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Ordinance, then this Ordinance and the pledges of the Gross Revenues and other monies and securities pledged hereunder, and all covenants, agreements and other obligations of the City on behalf of the Holders of the Series 2003 A Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied, except as may be necessary to assure the exclusion of interest on the Series 2003 A Bonds from gross income for federal income tax purposes.

The Series 2003 A Bonds for the payment of which either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on the Series 2003 A Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 2003 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with an escrow trustee either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on the Series 2003 A Bonds on and prior to the maturity date thereof, or if the City irrevocably determines to redeem any of the Series 2003 A Bonds prior to the maturity thereof, on and prior to said Redemption Date. Neither securities nor monies deposited with an escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Series 2003 A Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on the Series 2003 A Bonds on and prior to such maturity or Redemption Dates thereof, and interest earned from such reinvestments shall be paid over to the City as received by said escrow trustee, free and clear of any trust, lien or pledge. For

the purpose of this section, securities shall mean and include only Government Obligations, as such term is limited by the provisions in Section 1.01 hereof or such additional securities as shall be set forth in the Supplemental Resolution.

## ARTICLE VII

### MISCELLANEOUS

Section 7.01. Amendment or Modification of Ordinance. Prior to issuance of the Bonds, this Ordinance may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Bonds, no material modification or amendment of this Ordinance, or of any resolution amendatory or supplemental hereto, that would materially and adversely affect the rights of Bondholders shall be made without the consent in writing of the Holders of the Bonds then Outstanding; provided, that no change shall be made in the maturity of any Bond or Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the City to pay such principal and interest out of the funds herein pledged therefor without the consent of the respective Holder thereof. Notwithstanding the foregoing, this Ordinance may be amended without the consent of the Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the exclusion of interest on the Notes and Bonds from gross income of the Bondholder.

Section 7.02. Ordinance Constitutes Contract. The provisions of the Ordinance shall constitute a contract between the City and the Holders of the Bonds, respectively, and no change, variation or alteration of any kind of the provisions of the Ordinance shall be made in any manner, except as in this Ordinance provided.

Section 7.03. Severability of Invalid Provisions. If any section, paragraph, clause or provision of this Ordinance should be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance, the Supplemental Resolution or the Bonds.

Section 7.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only, and shall not affect in any way the meaning or interpretation of any provision hereof.

Section 7.05. Conflicting Provisions Repealed. All ordinances, resolutions, indentures or orders, or parts thereof, in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed.

Section 7.06. Covenant of Due Procedure, Etc. The City covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to

15. The amount designated as cost of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

16. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

17. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

18. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

19. The Issuer shall use the proceeds of the Bonds solely for the costs of acquisition and construction of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

Moneys in the Series 2009 A Bonds Reserve Account and the Series 2009 A Bonds Sinking Fund will be used solely to pay principal of and interest, if any, on the Bonds and will not be available to pay costs of the Project.

23. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same source of funds or will have substantially the same claim to be paid out of substantially the same source of funds as the Bonds.

24. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

25. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

Ladies and Gentlemen:

We have reviewed the water service rates of the City of White Sulphur Springs (the "Issuer"), enacted by the Issuer on April 13, 2009 and the projected operating expenses and anticipated customer usage provided by Ghosh Engineers, Inc., the consulting engineer of the Issuer. It is our opinion that such rates are sufficient (i) to provide for all operating expenses of the water system of the Issuer (the "System"), and (ii) to leave a balance each fiscal year equal to at least 115% of the maximum amount required in any succeeding fiscal year for the payment of principal of and interest on the Issuer's Water Design Revenue Bonds, Series 2009 A (West Virginia DWTRF Program) (the "Series 2009 A Bonds") and all other obligations secured by or payable from revenues of the System on a parity with the Series 2009 A Bonds, including the Issuer's Water Refunding Revenue Bonds, Series 2003 (the "Prior Bonds").

America Counts on CPAs

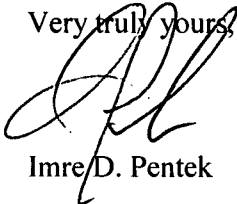

## WATER DESIGN REVENUE BONDS, SERIES 2009 A

It is further our opinion that the Net Revenues actually derived from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of the Series 2009 A Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2009 A Bonds, will not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding year on the Prior Bonds and the Series 2009 A Bonds.

Capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Ordinance authorizing the Series 2009 A Bonds.

Very truly yours,

We have examined certified copies of proceedings and other papers relating to the authorization of (i) a loan agreement for the Bonds dated June 12, 2009, including all schedules and exhibits attached thereto (the “Loan Agreement”), by and among the Issuer, the West Virginia Water Development Authority (the “Authority”) and the West Virginia Bureau of Public Health (the “BPH”), and (ii) the Bonds to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are issued in the principal amount of \$625,000, in the form of one bond, registered as to principal and interest to the Authority, with interest at the rate of 2% per annum, and with principal and interest payable quarterly on March 1, June 1, September 1, and December 1 of each year, commencing September 1, 2010, all as set forth in the Schedule Y attached to the Loan Agreement and incorporated in and made a part of the Bonds. The Bonds are subject to the SRF Administrative Fee equal to 1% of the principal amount of the Bonds as set forth in the Schedule Y attached to the Loan Agreement.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 19 and Chapter 16, Article 13C of the Code of West Virginia, 1931, as amended (collectively, the "Act"), for the purposes of (i) paying the costs of design of certain additions, betterments and improvements to the water system of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act and a Bond Ordinance duly passed by the Issuer on February 23, 2009, effective March 9, 2009, as supplemented by a Supplemental Resolution duly adopted by the Issuer on June 8, 2009 (collectively, the "Ordinance"), pursuant to and under which Act and Ordinance the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Ordinance and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Ordinance and in the Loan Agreement when used herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly organized and presently existing municipal corporation and political subdivision of the State of West Virginia, with full power to design and proceed with the Project, to operate and maintain the System, to enact the Ordinance and to issue and sell the Bonds, all under the Act and other applicable provisions of law.
2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof.
3. The Loan Agreement inures to the benefit of the Authority and the BPH and cannot be amended so as to affect adversely the rights of the Authority or the BPH or diminish the obligations of the Issuer without the written consent of the Authority and the BPH.

4. The Issuer has legally and effectively enacted the Ordinance and adopted all other necessary resolutions in connection with the issuance and sale of the Bonds. The Ordinance constitutes a valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms thereof [and contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement].

5. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System and secured by a first lien on and pledge of the Gross Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Water Refunding Revenue Bonds, Series 2003, all in accordance with the terms of the Bonds and the Ordinance.

6. Under the Act, the Bonds and any interest thereon are exempt from all taxation by the State of West Virginia, or any county, municipality, political subdivision or agency thereof.

No opinion is given herein as to the effect upon enforceability of the Bonds under any applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or in the exercise of judicial discretion or principles of equity in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1 and in our opinion, the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Re: City of White Sulphur Springs  
Water Design Revenue Bonds, Series 2009 A  
(West Virginia DWTRF Program)

Ladies and Gentlemen:

I am City Attorney for the City of White Sulphur Springs in Greenbrier County, West Virginia (the "Issuer"). As such City Attorney, I have examined copies of the approving opinion of Jackson Kelly PLLC, as bond counsel, relating to the above-captioned bonds of the Issuer (the "Bonds"), a loan agreement for the Bonds, dated June 12, 2009, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Bureau of Public Health (the "BPH"), a Bond Ordinance duly passed by the Issuer on February 23, 2009, effective March 9, 2009, as supplemented by a Supplemental Resolution duly adopted by the Issuer on June 8, 2009 (collectively, the "Ordinance"), and other documents relating to the Bonds. All City of White Sulphur Springs capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Loan Agreement and the Ordinance when used herein.

I am of the opinion that:

1. The Issuer is a duly organized and presently existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to design and

proceed with the Project, to operate and maintain the System and to enact the Ordinance, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the BPH and the Authority, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The Mayor, Recorder and members of the Council of the Issuer have been duly, lawfully and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Ordinance has been duly adopted and enacted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Ordinance, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach or default under any ordinance, resolution, order, agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the design of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, consents, certificates and approvals from the BPH, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia (the "PSC"), and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of an ordinance prescribing such rates and charges.

7. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Ordinance, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, the collection of the Gross Revenues or the pledge of the Net Revenues for the payment of the Bonds.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

  
J. Steven Hunter  
City Attorney
